GPB—5,76,000—6-4-12

During my enquiry the under-mentioned 38 claims were preferred

(i) Five claims to right of grazing.

(ii) Nine claims to right of way.

(iii) One claim to right of water.

(iv) Seventeen claims to miscellaneous rights.

The claims in (i) were partly admitted and some lands excluded out of those proposed for the Forest, while those in (ii) & (iii) were fully admitted. Of the seventeen claims in (iv) fourteen were admitted and three rejected.

5. The Deputy Commissioner's decision in appeal was communicated to me with his letter No.55 dated 28th September 1912 and the same has been noted in the prescribed column in the 'B' Register.

6. The following records are herewith submitted.

(i) 'B' Register.

(ii) 'C' Register.

(iii) Sketch map.

(iv) Boundary notification.

(v) Topo tracing.

The date from which the reservation is to take effect may be inserted in the draft boundary notification.

From

C.Venkata Rao Esquire, B.A.,

Forest Settlement Officer in Mysore.

To

C.S.Doraswami Iyer Esquire,

Revenue Commissioner in Mysore.

Through the Deputy Commissioner, Kolar District.

Sir,

I have the honor to report on the conclusion of the settlement of the Gokuntagollahalli Block in the Mulbagal Taluk of the Kolar District.

2. The initial notification under section 4 of the Mysore Forest --- Regulation, proposing to constitute the area into a State forest appeared on pages 153 & 154, part I of the English issue of the Mysore Gazette dated 3rd March 1910 and the proclamatory notice under section 5 of the said Regulation was issued by me and the same was published on pages -- 181, 182, 183 & 184 part II of the Kannada issue of the Mysore Gazette, dated the 31st March 1910. The Proclamatory notices were got served on the villagers concerned through the Amildar of the Mulbagal Taluk.

3. The tract was inspected and perambulated by me in company with the District Forest Officer of the Kolar District and the Taluk Amildar on the 21st and 22nd June 1911. It consists of mere scrub and at best it can be converted under rigid protection only to a fuel preserve. No doubt a large extent of Kharab and gomal lands still remains for grazing purposes of the villages affected by the proposed Reserve. As the rainfall in the locality is poor and as the soil is gravelly and shallow, the yield of grass is scanty. Hence it was found necessary to greatly relax the rule prescribing the limit of 30 acres for the pasturage of every 100 head of cattle and to exclude adequate extent of lands out of the proposed -- area for meeting the ryots' requirements.

NOTIFICATION.

No. R. 6357—Ft. 96-13-5, Bangalore, 25th January 1915.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from the 1st March 1915, the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block
Kolar	*Mulbagal, Duggasandra hobli*— 1. Nachihalli 2. Kaggalnatha 3. Nagenahalli 4. Vammasandra 5. Kalkere 6. Gokunte 7. Gollahalli 8. Kondathimmanahalli 9. Balasandra 10. Haraparaikanahalli 11. Kunnibanda	5·1 square miles	Gokunte Gollahalli

Situation.—The block is situated at a distance of six miles to the north of the Mulbagal town.

Boundaries.

North.—Starting from the trijunction bandhs of Gokunte, Bisanahalli and Gollahalli, the line runs south-east and east along the south side of survey No. 102 of Gokunte for about 72 chains to a point about 17 chains south-west from the south-west corner of survey No. 163 of Nachihalli, then south for about 17 chains along the west side of survey No. 77 of Gollahalli, then east for about 27 chains through the said survey number then north for about 23 chains through survey No. 77 of Gollahalli and survey No. 102 of Gokunte to a point on the south side of survey No. 163 of Nachihalli about 20 chains east from the south-west corner of the said survey No. 163; then east along the south side of the said survey number for about 25 chains to its south-east corner, then north-west along the east side of survey No. 163 to the southernmost corner of survey No. 168 of Nachihalli; then north-east through the said survey number for about 27 chains to a point near a halla about 19 chains south-east from the south-east corner of survey No. 196 of the same village; then north-east through survey Nos. 168 and 180 for about 64 chains to a point on the east side of the latter survey number about 27 chains south-east from the south-east corner of survey No. 149; then in the same direction through survey Nos. 161 and 119 for about 61 chains to the south-east corner of survey No. 122; then north-east for about 29 chains through survey No. 119 to the south-east corner of survey No. 118 (tank); then east for about 10 chains along the south side of survey No. 111 to its south-east corner.

East.—Thence south and south-west along the western boundary of Honekere to the south-west corner of the same village which is also the southernmost corner of survey No. 119 of Nachihalli; then south-west and south along the western boundary of Kallarsanhalli to the north-west corner of survey No. 64 of Kaggalnatha; then south-east along its west side for about 17 chains to a point about 4 chains north-east from the north-east corner of survey No. 11 (tank) of Kaggalnatha, then south-west along the north side of survey No. 2 for about 4 chains to the north-east corner of survey No. 11 (tank); then along its north side to its north-west corner; then along its west side to its south-west corner; then south-west along the north side of survey No. 2; for about 15 chains to the north-west corner of survey No. 9; then west along the north side of the said survey No. 2 for about 45 chains to its north-west corner; then south-east along the west side of survey No. 2 to its south-west corner; then south-east along its south side for about 48 chains to the south-west corner of survey No. 14 of Nagenahalli; then south-east along its south side to its south-east corner; then south-west along the west side of survey No. 12 to its south-west corner: then west along the north side of survey No. 63 of Kunnibande for about 20 chains to a point about seven chains east from the south-west corner of survey No. 13 of Nagenahalli; then south-west through survey No. 63 of Kunnibande for about 62 chains to a point about four chains west from the south-west corner of survey No. 62 (tank) of the same village; then south through survey No. 63, for about 21 chains to a point on the north side of survey No. 33 of Balasandra about nine chains east from the north-east corner of survey No. 94 of Kondathimmanahalli; then south-east along the north side of the said survey No. 33 of Balasandra to its north-east corner.

South.—Thence south-west through survey No. 33, for about 35 chains to the north-west corner of survey No. 69, then west for about 34 chains through the said survey No. 33

No. R. 6353-6—Ft. 96-13-4, dated 25th January 1915.

to a point on the east side of survey No. 94 of Kondathimmanahalli about four chains south-east from the north-east corner of survey No. 93 of Kondathimmanahalli, then north-east and north along the east side of survey No. 94 to its north-east corner; then north and along the east side of survey No. 14 of the Kalkere village for about 70 chains to its north-east corner, then north-east along the east side of survey No. 13 of Kalkere for about six chains to its north-east corner; then north-west along the east side of Survey No. 11 for about 25 chains; then south-west through survey No. 11 of the said village for about 89 chains to the north-west corner of survey No. 64 of the same village; then south along the west side of survey No. 64 of the said village for about 46 chains to the common bandhs of Kondathimmanahalli, Vammasandra and Kalkere; then south-east along the southern boundary of survey No. 64 of Kalkere for 38 chains to the hotte bandhs located near the Obleswara temple; then south through survey No. 70 of Kondathimmanahalli for about 28 chains to a point about 5 chains north from the north-east corner of survey No. 69 (tank) of the same village; then west through survey No. 70 of the said village for about 23 chains to a point on the eastern boundary of Vammasandra, about 3 chains north-west from the north-west corner of survey No. 59 (tank) of Kondathimmanahalli.

West.—Thence north-west through survey No. 9 of Vammasandra for about 53 chains to the hotte bandhs located in the bend on the northern boundary of the same village, then north-east along the eastern boundary of Harapnaikanahalli for about 46 chains to the north-west corner of survey No. 64 of Kalkere; then in the same direction along the eastern boundary of Harapnaikanahalli for about 64 chains to the north-west corner of survey No. 11 of Kalkere; then south-west through survey No. 36 of Harapnaikanahalli for about 33 chains to the north-east corner of survey No. 43 of Gollahalli; then west through survey Nos. 78 and 79 of the same village for about 101 chains to a point on the west side of the latter survey number about 45 chains north from its south-west corner; then north along the west side of survey No. 79 for about 77 chains to the starting point.

Remarks A.—The undermentioned rights of way are admitted within the block throughout the year.

I. Cart-track 15 feet wide, and 25 chains long leading from Nachihalli to Honekere, for men, cattle and carts. It enters the forest in its northern boundary at the south-east corner of survey No. 122 of Nachihalli, runs south-east through survey No. 119 of the same village and quits the forest in its eastern boundary at a point about 20 chains south-west from the south-east corner of survey No. 111 of Nachihalli.

II. Cart-track from Gudipalli to Gokunte, 15 feet wide and 116 chains long, for men, cattle and carts. It enters the forest in its eastern boundary at a point about 3 chains south-east from the north-west corner of Survey No. 64 of Kaggalnatha, runs north-west through survey No. 10 of Kaggalnatha to a point about 20 chains south-west from the trijunction bandh of Kaggalnatha, Kallarsanhalli, and Nachihalli then south-west through survey No. 162 of Nachihalli and quits the forest in its northern boundary at a point about 10 chains north-west from the south-east corner of survey No. 163 of Nachihalli.

III. Cart-track from Nachihalli to Gokunte, 15 feet wide and 60 chains long, for men, cattle and carts. It enters the forest in its northern boundary at a point about 30 chains south-west from the south-east corner of survey No. 149 of Nachihalli, goes south and south-west through survey Nos. 180 and 162 of Nachihalli and joins cart-track No. II *supra* at a point about 34 chains north-east from the south-east corner of survey No. 163 of Nachihalli.

IV. Foot-path from survey No. 11 (tank) of Kaggalnatha to Gokunte, 6 feet wide and about 105 chains long, for men and cattle. It enters the forest in the eastern boundary at a point about 4 chains south from the north-west corner of survey No. 11 (tank) of Kaggalnatha, runs west, south-west and west and quits the forest in the northern boundary at a point about 20 chains south-east from the south-west corner of Survey No. 163 of Nachihalli.

V. Right of way from survey No. 10 to survey No. 2 of Kaggalnatha will be exercised along the demarcation line.

VI. Cart-track from Nagenahalli to Kaggalnatha, 15 feet wide and about 62 chains long for men, cattle and carts. It enters the forest in its eastern boundary at a point about 3 chains south-west from the south-west corner of survey No. 15 of Nagenahalli, goes west and north-west through survey No. 13 of the same village and survey No. 1 of Kaggalnatha and quits the forest in its eastern boundary at a point about 2 chains west from the westernmost corner of survey No. 14 of Nagenahalli.

VII. Foot-path from Nagenahalli to Kalkere, 6 feet wide and about 83 chains long, for men and cattle. It enters the forest in its eastern boundary at a point about 2 chains west from the south-west corner of survey No. 15 of Nagenahalli, runs south-west and west through survey No. 13 of Nagenahalli and survey No. 1 of Kaggalnatha and quits the forest in its southern boundary at a point about 5 chains north-east from the north-west corner of survey No. 13 of Kalkere.

No. R. 6353-6—Ft. 96-13-4, dated 25th January 1915.

VIII. Cart-track from Kunnibande to Kalkere, 15 feet wide and about 23 chains long, for men, cattle and carts. It enters the forest in its eastern boundary at a point about 24 chains west from the north-west corner of survey No. 64 of Kunnibande, runs south-west through survey No. 63 of the same village and quits the forest in its southern boundary at a point about 7 chains south-east from the north-east corner of survey No. 67 of Kalkere.

IX. Foot-path from Kunnibande to Kalkere, 6 feet wide and about 3 chains long, for men and cattle. It enters the forest in its eastern boundary at a point about 20 chains west from the south-west corner of survey No. 12 of Nagenahalli, goes north through survey No. 13 of Nagenahalli and joins the foot-path No. VII *supra* at a point about 12 chains north-west from the south-west corner of survey No. 13 of Nagenahalli.

X. Foot-path from Kalkere to Kunnibande, 6 feet wide and about 10 chains long, for men and cattle. It enters the forest in its southern boundary at a point about 18 chains north from the south-east corner of survey No. 14 of Kalkere, runs east through survey No. 63 of Kunnibande and quits the forest in its eastern boundary at a point about 6 chains south-west from the south-west coner of survey No. 62 (tank) of Kunnibande.

XI. Foot-path from Kalkere to Ramasandra, 6 feet wide and about 63 chains long, for men and cattle. It enters the forest in its southern boundary at a point about 17 chains north-west from the north-west corner of survey No. 9 of Kalkere, runs north and north-east through survey No. 11 of Kalkere and survey No. 36 of Harapnaikanhalli and quits the forest in its eastern boundary at a point about 10 chains north-west from the north-west corner of survey No. 2 of Kaggalnatha.

XII. Cart-track from Kalkere to Harapnaikanahalli, 15 feet wide and about 33 chains long, for men, cattle and carts. It enters the forest in its southern boundary at a point about 12 chains north-west from the north-west corner of survey No. 62 of Kalkere and quits the forest in its western boundary at a point about 23 chains south-west from the north-west corner of survey No. 11 of Kalkere.

XIII. Cart-track leading from tank survey No. 5 of Vammasandra to Kalkere, 15 feet wide and about 14 chains long, for men, cattle and carts. It enters the forest in its western boundary at a point about 19 chains north-east from the north-east corner of survey No. 5 (tank), runs north-east through survey No. 9 of Vammasandra and quits the forest in its southern boundary at the north-west corner of survey No. 70 of Kondathimmanahalli.

XIV. Cart-track from Mulbagal to Gokunte, 15 feet wide and about 66 chains long, for men, cattle and carts. It enters the forest in its western boundary at a point about 18 chains west from the north-east corner of survey No. 43 of Gollahalli, runs north and north-east through survey Nos. 78 and 77 of Gollahalli and quits the forest in its northern boundary at a point about 22 chains south-east from the north-west corner of survey No. 77 of Gollahalli.

B. The following concessions are allowed within the block :—

(1) Kunagalkunte in survey No. 13 of Nagenahalli is treated as an enclosure with a camping ground of 2 chains all round. Access to it will be along a foot-path, 6 feet wide and 12 chains long, branching from foot-path No. VII *supra*. It branches from the said foot-path at a point about 7 chains north-west from the south-west corner of survey No. 13 of Nagenahalli, goes north-west through the same survey number to the enclosure.

(2) The temple of Obleswara with the hillock situated between the borders of Kondathimmanahalli and Kalkere is treated as an enclosure. Access to it will be along the demarcation line, throughout the year.

(3) Munigowdankunte in survey No. 9 of Vammasandra is treated as an enclosure. Access to it will be along the cart track No. XIII, *supra*.

(4) Korchappakunte in survey No. 78 and Sonnappa kunte in survey No. 79 of Gollahalli are treated as enclosures. Access to the former will be along the cart-track No. XIV *supra* and to the latter by means of a foot-path branching from the demarcation line; right to be exercised throughout the year.

(5) Right of the villagers of Gokunte to use the water of Kadirappakunte in survey No. 102 of Gokunte and 10 of Kaggalnatha, for cattle throughout the year, is admitted. Access to it will be along the foot-path No. IV *supra*.

(6) Right of the villagers of Gokunte to take their cattle to Korachappakunte in survey No. 77 of Gollahalli along the cart-track No. XIV *supra* is admitted, throughout the year.

N.B.—As the raiyats are interested in the maintenance of these kattes it is hereby ordered that they be entitled to repair the same.

By Order,
D. M. NARASINGA RAO,
Offg. Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

Exd.—C. R.

No. R. 6353-6—Ft. 96-13-4, dated 25th January 1915.

From C. Venkata Rao, Esq., B.A., Forest Settlement Officer in Mysore, to K. S. Dorasawmi Iyer, Esq., Revenue Commissioner in Mysore, through the Deputy Commissioner, Kolar District.

I have the honor to report on the conclusion of the settlement of the Gokunte-Gollahalli Block in the Mulbagal Taluk of the Kolar District.

2. The initial notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State forest appeared on pages 153 and 154, Part I of the English issue of the *Mysore Gazette*, dated 3rd March 1910, and the proclamatory notice under Section 5 of the said Regulation was issued by me and the same was published on pages 181, 182, 183 and 184, Part II of the Kannada issue of the *Mysore Gazette*, dated the 31st March 1910. The Proclamatory notices were got served on the villagers concerned through the Amildar of the Mulbagal Taluk.

3. The tract was inspected and perambulated by me in company with the District Forest Officer of the Kolar District and the Taluk Amildar on the 21st and 22nd June 1911. It consists of mere scrub and at best it can be converted under rigid protection only to a fuel preserve. No doubt a large extent of kharab and gomal lands still remains for grazing purposes of the villages affected by the proposed Reserve. As the rainfall in the locality is poor and as the soil is gravelly and shallow, the yield of grass is scanty. Hence it was found necessary to greatly relax the rule prescribing the limit of 30 acres for the pasturage of every 100 head of cattle and to exclude adequate extent of lands out of the proposed area for meeting the raiyats' requirements.

4. During my enquiry the undermentioned 32 claims were preferred:—

(i) Five claims to right of grazing.
(ii) Nine claims to right of way.
(iii) One claim to right of water.
(iv) Seventeen claims to Miscellaneous rights.

The claims in (i) were partly admitted and some lands excluded out of those proposed for the forest, while those in (ii) and (iii) were fully admitted. Of the seventeen claims in (iv) fourteen were admitted and three rejected.

5. The Deputy Commissioner's decision in appeal was communicated to me with his letter No. 55, dated 29th September 1912, and the same has been noted in the prescribed column in the 'B' Register.

6. The following records are herewith submitted:—

(i) 'B' Register.
(ii) 'C' Register.
(iii) Sketch map.
(iv) Boundary notification.
(v) Topo tracing.

7. The date from which the reservation is to take effect may be inserted in the draft boundary notification.

ENCLOSURE 2.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gokunte-Gollahalli State Forest.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
1	Munisamy, patel of Nachahalli.	22nd June 1911	States that the preliminary demarcation line touches the edge of cultivation and requests that it may be shifted farther away.	.....	The line may be shifted half a furlong from the edge of cultivation.	1, 2 and 3. Twelve acres of land in Survey No. 163 and an equal extent in Survey No. 161 are reported to have been ordered to be given out for cultivation. The preliminary demarcation line touches some of the cultivated lands in the village and it is necessary to shift it farther away. I would therefore alter the line within the limits of this village so as to satisfy the requirements of the raiyats concerned as far as possible. It will accordingly be shifted from the south-west corner bandhs of Survey No. 163 to a distance of 46 chains, *i.e.*, to the common bandhs of survey Nos. 163 and 162 and then made to run due north along the eastern boundary of the former survey number to its north-east corner; then north-east through survey No. 168 as far as the halla which enters survey No. 196 in its south-west corner, for a distance of 27 chains; and then in the same direction through the said survey number and survey Nos. 180, 161 and 119 as far as the south-east corner of survey No. 122 for a distance of 125 chains. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	The decision of the Forest Settlement Officer is upheld. P. F. BOWRING, Offg. Dy. Comr., Kolar. 23rd Sept. 1912.	
2	Do ...	Do ...	Requests that more lands for grazing of the cattle of majre Nayasandra and Madarepalli may be excluded.	.....	This cannot be done.			
3	Do ...	Do ...	Represents that Government have sanctioned the grant of 12 acres of land for cultivation out of survey No. 161 and another 12 acres out of survey No. 163 and prays that these may be excluded.	.....	The lands for which the darkhasts are said to have been sanctioned may also be excluded.			
	Do ...	22nd June 1912	Requests that the following cart-tracks may be admitted :— (1) Cart-track to Honnakere. (2) Cart-track from Gudipalli to Gokunte. (3) Cart-track from Nachahalli leading to the cart-track No. 2 *supra*.	.....	May be allowed.	Right of way to the following cart-tracks, 15 ft. wide will be admitted for men, cattle and carts throughout the year.— (1) Cart-track from Nachahalli to Honnakere. (2) Cart-track from Gudipalli to Gokunte. (3) Cart-track from Nachahalli through Survey Nos. 180 and 162 as far as the cart-track No. 2 *supra*. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		

						5, 6 and 7	
5	Venkataramaa Gowda, patel of Kaggalnatha.	22nd June 1911	Requests that the preliminary demarcation line may be shifted farther away so that survey No. 10 is excluded from the reserve.	.....	Cannot be done.	As the cattle of the villages of Gudipalli and Kaggalnatha also depend upon the gomal lands of Kaggalnatha it is found necessary to exclude gomal survey No. 2 altogether.	The Forest Settlement Officer's decision is approved with right of way through survey No. 10 throughout the year to survey No. 2
6	Do ...	Do ...	Represents that the cattle of Gudipalli and Kodihalli have been grazing in his village lands paying hulbanni fees and prays that this right may be recognized.	.....	About 70 acres in survey No. 10 may be excluded from the Forest for the requirements of this village as well as kodihalli and Gudipalli villages.	But the raiyats of Kaggalnatha pray that survey No. 10 (kharab) may be excluded from the reserve. I reject this claim, as gomal survey No. 2 which has been ordered to be excluded will very well serve the purpose of the raiyats of Kaggalnatha also.	P. F. BOWRING, Offg. Deputy Comr., Kolar District. 23rd September 1912.
7	Do ...	Do ...	Requests that the Chinnakunta which is situated to the south of the line may be excluded.	.....	.....	The line will accordingly be deviated at the north-west corner of survey No. 9 and made to follow the northern, western and southern boundaries of survey No. 2 as far as the north-west corner of survey No. 16 of the Nagenahalli village. Chinnakunta falls outside the settled line. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	
8	Do ...	Do ...	Requests that the right of way to the foot-path passing through the halla in survey No. 10 and leading to Gokunte may be admitted.	.....	May be admitted.	Right of way to the foot-path passing through survey No. 10 of Kaggalnatha and survey No. 102 of Gokunte and leading to Gokunte will be admitted for men and cattle throughout the year. Width to be 6 feet. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	
9	Ascertained by the Forest Settlement Officer.	Do ...	Right of way to survey No. 2 may be admitted.	.....	.....	(9) Right of way to survey No. 2 *via* the demarcation line will be admitted throughout the year. C. VENKATA RAO, Forest Settlemet Officer. 23rd June 1911.	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gokunte-Goilahalli State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
16	Venkatramagowda, patel of Kondathimmanahalli.	22nd June 1911	Represents that there is no objection to the preliminary demarcation line being confirmed if Obleswara temple at the common bandhs of Kalkere and his village be treated as an enclosure with access to it.	.....	The temple may be treated as an enclosure, if it cannot conveniently be excluded from the reserve.	The line will be deviated at a point five chains north from the north-east corner bandhs of survey No. 69 (tank) and then taken westwards through Survey No. 70 till it meets the hotte bandhs of Survey No. 9 of Vammasandra village. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911. The temple of Obleswara situated between the borders of Kondathimmanahalli and Kalkere will be demarcated out free from reservation as well as the hillock on which it is situated. Access will be along the boundary line throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		
17	Munivenkatappa, patel of Kalkere.	Do ...	Begs that more lands may be excluded for the benefit of the village cattle and states there is demand for lands for cultivation also.	.....	The raiyats have ample grazing ground and no land need be excluded. The raiyats have 350 acres of banjar lands which they even cannot afford to take up for cultivation.	The northern line within the limits of this village will be shifted to a point 25 chains north from the north-east corner of survey No. 13 and made to run westwards so as to meet the hotte bandhs of survey No. 36 of Harpanaikanhalli. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	"Forest Settlement Officer's decision is upheld." P. F. BOWRING, Offg. Deputy Comr., Kolar District. 23rd September 1912.	
18	Do ...	Do ...	Requests that the Virupakshi kunta, Peddanayanakunta, and Pathakunta in survey No. 111 may be excluded from the reserve.	.....	There are two tanks in the village which hold water for a greater part of the year. When water fails in them, and exists in the kattes referred to herein, the raiyats will be allowed the use of water in them.	These kuntas will be excluded by the alteration of the forest boundary. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gokunte-Gollahalli State Forest

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
10	Munegowda, patel of Nagenahalli.	22nd June 1911	Requests that the preliminary demarcation line may be shifted from its present position so as to exclude more lands for the village cattle.	.....	I am not in favour of any lands being excluded from the present reserve.	About 100 acres of gomal land has to be provided for in the case of the raivats of this village. I accordingly direct that the line be shifted farther to the west to a distance of 13 chains that is to the north-east corner of survey No. 14 and made to run along the western boundary of the said survey number to the north-west corner of survey No. 12 and then along its western boundary to its south-west corner. C. VENKATA RAO, Forest Settlement Officer. 25rd June 1911.	The villagers represent that survey No. 14 is nothing but stones and red earth and there is never any grazing on it. Survey No. 14 may therefore be excluded as well as survey No. 12. P. F. BOWRING, Offg. Deputy Commr., Kolar District. 23rd June 1912.	
11	Do ...	Do ...	States that there is a kunta in survey No. 13 to the north of Kalkere foot-path and begs that this may be treated as an enclosure with access to it.	.....	As the village is provided with a tank and a katte which contain good supply of water, there is no necessity to allow any right of way to the kattes in the reserve as they are out of order.	(11) Kunnagalkunta will be treated as an enclosure with a camping ground of 2 chains all round for the use of the village cattle. Access to it will be along a foot-path branching from the foot-path leading to Kalkere from Nagenahalli. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	
12	Do ...	Do ...	Claims right of way over the foot-path leading to Kalkere and (2) to the cart-track leading to Kaggalhatha *via* survey No. 13.	.....	The right of way may be admitted.	Right of way to the foot-path leading to Kalkere passing through survey No. 13 of Kaggalhatha for Nagenahalli and 1 of Kaggalhatha for men and cattle will be admitted throughout the year. Width to be 6 feet. Right of way to the cart-track leading to Kaggalhatha passing through survey No. 13 and meeting the western boundary of the village for men, cattle and carts will be admittad throughout the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gokunte-Gollahalli State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
10	Munegowda, patel of Nagenahalli.	22nd June 1911	Requests that the preliminary demarcation line may be shifted from its present position so as to exclude more lands for the village cattle.	.....	I am not in favour of any lands being excluded from the present reserve.	About 100 acres of gomal land has to be provided for in the case of the raiyats of this village. I accordingly direct that the line be shifted farther to the west to a distance of 13 chains that is to the north-east corner of survey No. 14 and made to run along the western boundary of the said survey number to the north-west corner of survey No. 12 and then along its western boundary to its south-west corner. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	The villagers represent that survey No. 12 is nothing but stones and red earth and there is never any grazing on it. Survey No. 14 may therefore be excluded as well as survey No. 12. P. F. BOWRING, Offg. Deputy Comr., Kolar District. 23rd June 1912.	
11	Do ...	Do ...	States that there is a kunta in survey No. 13 to the north of Kalkere foot-path and begs that this may be treated as an enclosure with access to it.	.....	As the village is provided with a tank and a katte which contain good supply of water, there is no necessity to allow any right of way to the kattes in the reserve as they are out of order.	(11) Kunnagalkunta will be treated as an enclosure with a camping ground of 2 chains all round for the use of the village cattle. Access to it will be along a foot-path branching from the foot-path leading to Kalkere from Nagenahalli. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	
12	Do ...	Do ...	Claims right of way over the foot-path leading to Kalkere and (2) to the cart-track leading to Kaggalnatha *via* survey No. 13.	.....	The right of way may be admitted.	Right of way to the foot-path leading to Kalkere passing through survey No. 13 of Nagenahalli and 1 of Kaggalnatha for men and cattle will be admitted throughout the year. Width to be 6 feet. Right of way to the cart-track leading to Kaggalnatha passing through survey No. 13 and meeting the western boundary of the village for men, cattle and carts will be admittad throughout the year. Width to be 15 feet. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....	

13	Venkataramana Naik, patel of Kunnibanda.	22nd June 1911	States if the preliminary demarcation line is confirmed the villagers will be put to difficulty for want of pasture lands as a large area of gomal land will be included within the reserve, and therefore requests that adequate gomal lands may be left for the use of the village cattle.	.....	Ample grazing grounds have been left for the village requirements and it is therefore necessary that the lands proposed should be retained for the proposed forest.	The preliminary demarcation line will be shifted farther to the west by 20 chains and then made to run southwards through survey No. 63 for a distance of 62 chains to a point about 4 chains west from the south-west corner of survey No. 62 (tank), then in the same direction for a distance of 21 chains to the southern boundary of the village to a point about 9 chains from the North-east corner of survey No. 94 of Kondathihmanahalli, and then south-east along the southern boundary of survey No. 63 of Kunnibanda to the south-east corner of survey No. 25. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	The Forest Settlement Officer's decision is upheld. The raiyats of the village to have the right to clear and keep in order the feeder channel to tank survey No. 62. P. F. BOWRING, Offg. Deputy Commissioner, Kolar District. 23rd Sept. 1912.
14	Do	Do	States that there is a kunta just touching the preliminary demarcation line known as Dasarakunta in survey No. 63, which serves as a feeder to tank bearing survey No. 62 and another kunta known as Raghunatha kunta in survey No. 63. Begs that the right to repair them every year may be given to the villagers.	.....	It is not likely that any of the kattes mentioned here will be taken up by the raiyats for repairs as they have been in bad condition since 40 years. The raiyats simply want to create a burden of rights. I am not in favour of allowing these kattes for repairs as the people have two good tanks and one katte which contain a good supply of water almost all the year round.	I reject the claim to the Vaddu known as Raghunatha kunta as there are tanks and kattes scattered over the kharab lands and as there is no objection to the cattle being taken to the said kunta when they are allowed to graze within the reserve. Dasarakunte falls outside the settled line. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....
15	Do	Do	Claims right of way to the cart-track and foot-path leading to Kalkere.	.....	May be recognized.	Right of way to the cart-track (15 feet wide) for men, cattle and carts, and to the foot-path (6 feet wide) for men and cattle leading to Kalkere and shown in the village map will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....
16	.....	.....	.....	.....	.....	The line as laid down within the limits of Balasandra is hereby confirmed, as the raiyats have no objection to include the lands proposed for the reserve. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	.....

19	Munivenkatappa, patel of Kalkere.	22nd June 1911	Represents that the line runs close to the temple of Oldeswara and requests that it may be shifted farther as the raiyats go there for offering puja.	.....	The temple is just on the line. The line may be so shifted as to exclude the temple altogether from it.	Order (*vide* claim 15).	
						(20 and 21).	
20	Do ...	Do ...	Claims right of way over the following path-way.	.....	Right of way may be admitted.	Right of way over the following path-ways will be admitted throughout the year.	
21	Ascertained by the Forest Settlement Officer.	Do ...	Foot-path leading to Kunnibanda. (i) Cart-track to Harapnaikanhalli. (ii) Foot-path to Ramasandra.	.....	.....	(i) Foot-path leading to Kunni banda, for men and cattle, width to be six feet. (ii) Cart-track to Harpanaikanhalli, for men, cattle and carts width to be 15 feet. (iii) Foot-path to Ramasandra for men and cattle, width to be six feet. C. VENKATA RAO, Forest Settlement Officer, 23rd June 1911.	
						(22 and 23).	
22	Venkategowda, patel of Vammasandra.	21st June 1911	Represents that the gomal land left after reservation of the tract in question is insufficient for the cattle, that a portion of survey No. 98 (Kharab) may be assigned as gomal in lieu of the land taken for the forest, and that the preliminary demarcation line abutting on Neeraganti inamthi and village tank may be shifted further away.	.....	May be done.	The gomal area remaining for the use of the cattle of this village is quite insufficient, and the preliminary demarcation line touches some of the cultivated lands and the village tank. I would accordingly shift the western line in this village to a point twenty-one chains north from the north-west corner of Survey No. 50 of Kondathimmanahalli and run it north-west through Survey No. 9 of Vammasandra so as to meet the hotte-bandus of Survey No. 36 of Harpanaikanhalli.	"The Forest Settlement Officer's decision is upheld." P. F. BOWRING, Offg. Deputy Comr., Kolar District, 23rd September 1912.
23	Venkategowda, patel of Vammasandra.	21st June 1911	States that the raiyats also cultivate survey Nos. 50 and 51, etc., of Kondathimmanahalli village, and prays that a right of way to the said fields may be given.	.....	The line may be shifted and thrown back 2 chains, so that the raiyats may conveniently go to survey Nos. 50 and 51	By this arrangement the village will have in all about 173 acres of gomal land for the use of 159 head of cattle. It will also obviate all difficulties in the case of Harapanaikanhalli raiyats taking their village cattle to the gomal lands of that village even when the village tank discharges over its kodi. C. VENKATA RAO, Forest Settlement Officer. 23rd September 1912.	... ..
24	Venkategowda, patel of Vammasandra.	Do ...	Represents that there is a kunte or vakre constructed by him, close to the gadi bandhs of his village and those of Kalkere and Kondathimmanahalli and prays that right of way to a cart-track leading to it may be admitted.	.....	The cart-track leading to Kalkere may also be used as a cattle track to vakri referred to near the gadi bandhs of Kalkere, Kondathimmanahalli and Vammasandra.	The right of way to the cart-track from the tank, through survey No. 9 leading to Munegowdankunte for men, cattle and carts will be admitted throughout the year. Width to be 15 feet. Munaygowdankunte situated close to the hotte bandhs between Kalkere and Vammasandra will be treated as an enclosure for the use of the cattle. Access to it will be by means of the above cart-track. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.	

B.—Register of claims to lands, rights to forest produce or easements in the proposed Gokunte-Gollahalli State Forest, etc.—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement	Remarks
1	2	3	4	5	6	7	8	9
25	Sonnegowda, patel of Harapanaikanhalli.	21st June 1911	States that more lands have been included in the reserve and that during rainy season his village tank discharges over the kodi and the villagers find it difficult to go to their lands as the way lies within the portion of the lands of Vammasandra village included within the reserve and prays that some lands to the east of survey Nos. 5, 6, 7 and 8 of Vammasandra may be excluded.	.....	Only a small extent has been added to make the line straight as it did not inconvenience the raiyats in any way. There are other places through which the cattle can conveniently go to their gomal lands. The discharge of water over the waste weir is only temporary and does not continue more than a week in the year. However as the line has to be thrown back by 2 chains as per remarks made for Vammasandra the inconvenience mentioned by the patel disappears.	No modifications need be made in the line as far as the village is concerned. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.		
						(26 and 27)		
26	Chowde gowda, patel of Gollahalli.	Do ...	States that there would be much inconvenience caused to the raiyats for want of pasture lands, if the line is confirmed, at prays that survey No. 79 may be excluded from the reserve.	.....	I am not in favour of excluding any portion of land taken up for the forest, as the survey numbers taken up are all kharab lands. The raiyats have ample grazing grounds for their requirements.	This is a prosperous village and almost all the kharab lands of it have been proposed to be included in the reserve. It is urged that in view of future agricultural expansion, the tank bearing survey No. 76 may be excluded so that the lands below it may be brought under cultivation. There is already an applicant for the same. On account of a few trees standing on the tank bund and in the bed, of the tank, the District Forest Officer wants its inclusion within the forest. Without the tank it is not possible to cultivate the lands situated below it. Besides, its exclusion can in no way retard the growth of the trees as even after the tank is repaired by private individuals, it will still continue to be the property of Government. I therefore order its exclusion from the Reserve. The preliminary demarcation line will be deviated at the north-east corner bandhs of Survey No. 43 and made to run westwards through Survey Nos. 78 and 79 so	"The Forest Settlement Officer's decision is confirmed." P. F. BOWRING, Offg. Deputy Comr., Kolar District. 22nd September 1912.	
27	Do ...	.....	States that a raiyat has applied for cultivation for lands under the Baralkere (survey No. 76) and prays that the said tank may be excluded from the reserve.	.....	The tank is out of order for over forty years and the lands below it are fallow from the same period so, I am not in favour of the tank being excluded from the proposed area.			

No. R. 6353-6—FT. 96-13-4, DATED 25TH JANUARY 1915.

								as to meet the western boundary of the village at a point about 45 chains north from the south-west corner of survey No. 79. This alteration will give the villagers an extent of 306 acres more for the pasturage of their cattle. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.
28	Do	...	Requests that the katte known as Korachappa kunte may be excluded from the reserve, as the cattle go there for drinking water.	.....	The small katte referred to holds water for a short period. The village has a big tank which always contains water. Hence no necessity to allow cattle to the katte. A right of way may be allowed to Korachappa kunte from the cart-track leading to Mulbagal.			(28) Korachappa kunta in Survey No. 73, and Sonnappa kunta in Survey No. 79 will be treated as enclosures for the use of the cattle. Access to the former will be by means of cart-track from Mulbagal to Gokunte and to the latter along the demarcation line and a foot-path branching therefrom. Right of way to be exercised throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.
29	Chowdagowda, patel of Gollahalli.	22nd June 1911	Claims right of way over the cart-track leading from Mulbagal to Gokunte	.....	.....			Right of way to the cart-track (15 feet wide) leading from Mulbagal to Gokunte through Survey No. 78, for men, cattle and carts will be admitted throughout the year. C. VENKATA RAO, Forest Settlement Officer. 23rd June 1911.
30	Lakshmanaika, patel of Gokunte.	Do	...	Represents that there is much demand for agricultural lands and prays for the exclusion of a portion of Survey No. 102 now proposed for the forest as also the adjoining lands of Gollahalli village to the extent of about 70 acres.	.....	Only a small area of 64 acres and 36 guntas has been taken up for the forest leaving to the village 169 acres of kharab and 214 acres of gomal. So, the whole area proposed cannot be excluded.		(30 and 31.) As some of the Christian raiyats of the Gokunte village are in need of agricultural lands and as there is hardly an acre of assessed waste in the neighbourhood fit for cultivation, I would exclude a portion of lands in the north-west corner of survey No. 77 of Gollahalli and also a portion of Survey No. 102 of this village to an aggregate extent of about 71 acres, I accordingly direct the shifting of the preliminary demarcation line to a distance of 17 chains south-west from the south-west corner of the Nachahalli village. Then it will run south for about 17 chains along the western boundary of survey No. 77, then east for a distance of about 28 chains, then due north for about 23 chains so as to meet the southern bondary of Survey
31	Do	Do	...	States that there is a kunta known as Kadirappa kunta and prays it may be excluded for the use of the village cattle.	.....	About 20 acres in Survey No. 102 of this village and 15 acres in Survey No. 163 of Nachikunta may be given over to Gokunte for cultivation deviating the line in the way required. The land which the people ask for cultivation is in the heart of the forest. If any part of this land is given over to the raiyats treating it as an enclosure it is
